Members of Mother Teresa Council 12696 gather for a photo op at the tournament sign-in table. The event, played at nearby Forty Niner Country Club, is located on Tucson's east side at the foothills of the Rincon Mountains. The challenging 18-hole course averages about 6100 yards for men and women. Brother Knights not only host the outing, but many, including the pastor Father Chris Orndorff compete for longest drive and other awards. Income from local sponsors and fees, in turn, benefits local charities and helps fund other Council activities throughout the year.
